

## TRANQUIL RETREAT

**POOL, LANDSCAPE  
DESIGN AND  
INSTALLATION:**  
CIPRIANO LANDSCAPE  
DESIGN, RAMSEY

Cipriano Landscape Design won a bronze design award from the Northeast Spa and Pool Association for the waterfall and spa project in this Mahwah back yard, along with an Award of Superior Excellence from the New Jersey Landscape and Nursery Association for their landscape work on the same property.

The previous back yard featured a natural wooded setting, but the homeowners wanted more room for recreation and play. In addition to the award-winning 10-foot-high waterfall, the new free-form pool included a swim jet area for exercise and activity and a secluded spa area for quiet relaxation. To maintain the natural look, the Cipriano team surrounded the pool area with a layering of summer-flowering shrubs, perennials and ornamental grasses. ■
